base station
and the
15m mast
proposed for
Main Street,
Great Gidding?**

49 feet

Mock up of proposed site on Main Street

Do we want this mast in the CENTRE of our village?

- There is currently a proposal by the Harlequin Group (on behalf of Nokia) to erect a huge radio mast in the centre of our conservation area close to the school and church.
- We support better communication for the whole village but for this to be in keeping with our conservation area.
- The Parish Council are in consultation with the Harlequin Group to look at less intrusive sites and are doing a splendid job on all of our behalfs.
- In addition, an action group (liaising with the PC) has been set up in case the need arises for a strong publicity-seeking approach, to form a petition and be a loud, cohesive voice for the community.

Together we will find a better solution.

Keep updated by checking the Giddings website regularly or by subscribing to the 'New Post' notification on the website and you will be emailed every time the website is updated.

If you wish to contact the Harlequin Group directly please email Caroline Wilson, Head of Town Planning (c.wilson@harlequin-group.com).

All the letters and latest updates are on:
www.thegiddings.org.uk

A public meeting is being planned - please look out for the date on the Giddings website and village notice boards.
