

hunts e-learning points

HELP has arrived in Great Gidding!

On 9th May Great Gidding Post Office will have computer facilities for the community.

You can learn how to send emails, surf the Internet and other computer skills without travelling far.

The computer facilities are part of HELP (Hunts E-Learning Points), the network of rural access points bringing the information age to the villages of Huntingdonshire.

Drop into the Post Office to have a look and book an induction session.

At the end of the induction session you will be given a user card.

Absolute beginners are very welcome!

First induction sessions are on 9th and 10th May.

Great Gidding is the first HELP access point. To mark the occasion we are holding a reception on Friday 10th May at 4.00 - 6.00 p.m. in the Village Hall. Everyone in Great Gidding is warmly invited.

Rt. Hon. Sir Brian Mawhinney MP has kindly agreed to attend.

We need to know how many people want to come so please complete the section below, cut it off and return it to the Post Office.
